IKARIA ISLAND, GREECE

21 – 28 SEPTEMBER 2024

- Have you ever poured your heart, soul, and every ounce of your being into therapy and coaching, yet still not seen the success you want?
- Do you ever find yourself carrying the heavy burden of self-doubt, feeling small, unworthy, or unnoticed, despite your dedication?
- Are you still struggling to make radical transformation happen? As if the next-level leap you've been yearning for seems to be playing hide-and-seek?
- After all the inner work you've done, do you still sense that undercurrent of anxiety, this shadow of insecurity?

*You can't help but wonder,
'WHY on earth is this happening?
Why do I sometimes feel so utterly
EMPTY and LONELY?'*

THERE'S A WAY OUT OF THIS STRUGGLE...

You see, I used to be **an expert at struggling and playing small** and **I know EXACTLY how it feels as I have been there**. 15 years ago, I was lost, stuck, depressed, and scared. I knew my heart needed healing, but I had no clue how to do it. I just knew I needed to step away from the usual world and reconnect with my inner voice.

And that's what I did for about 3 years, spending lots of time in silent retreat, wandering around in countries like India, Sri Lanka and Indonesia. Once settled on the Greek island of Ikaria, I started **reshaping my life, building a new life and a business from scratch**. However, it took me another few years of struggle and hardship.

After years of intense self-development, I discovered a disheartening plateau in my growth. I achieved success in my career, penned books, and aligned with my life's purpose, but a gnawing emptiness gnashed at me. **I just couldn't experience complete happiness, and there was always something that brought me down**.

Deep within the depths of my soul **I eventually found the MAGIC KEY** that unlocked the door to fulfillment, and deeply felt **ALIVENESS**. This wasn't some simple, cookie-cutter process; no, it was an intricate, multi-stage journey towards the deepest sense of self-love. And suddenly I realized: **the universe is just waiting to shower me with its bountiful gifts!** And that very same feeling, I wish for you too!

As the transformational coach, mentor and trainer I am now, I have helped countless individuals through their process of transformation, mentoring them in their next-level leap towards a more aligned, conscious, creative and successful life.

**Get ready to rise to new heights of love,
joy, and glorious success!**

We'll encounter all the commitments and entanglements on the unconscious layers that hold you back from your most beautiful life.

We return to the heart, the seat of our soul. We work on the cellular level, exploring your soul's purpose and desires. We'll get you to fully understand the journey of your soul through time and space. In the end we land BEYOND!

Be aware!

The days are FILLED and will FUEL YOU up!

HOW IT WORKS

Creating from a new inner reality: Cosmic Womb

Together we embark on the process of creating a new matrix, a new INNER reality or a new COSMIC WOMB for yourself; a SACRED INNER SPACE where you will feel relaxed, patient, curious, joyful, and ready to embrace the abundance of life.

You step out of the loveless container of the "old," to be reborn from your Cosmic Womb. In your new inner matrix, all the pieces of your soul can land safely.

It kind of feels like Primordial Parenthood for yourself. You become your own best mother, father, friend and lover. Deeply knowing: "I am a universe, I am Mother Earth, I am a source for creation and birth."

Creating from nothing, with nothing, beyond everything you know

We start from nothing, with nothing. We journey towards unity, with the sole purpose of calling all our split soul parts home, and fully land within ourselves, ready for our next-level leap towards an abundant, fulfilling and more creative life. Whether that is professionally or personally, or both, that is up to you to decide.

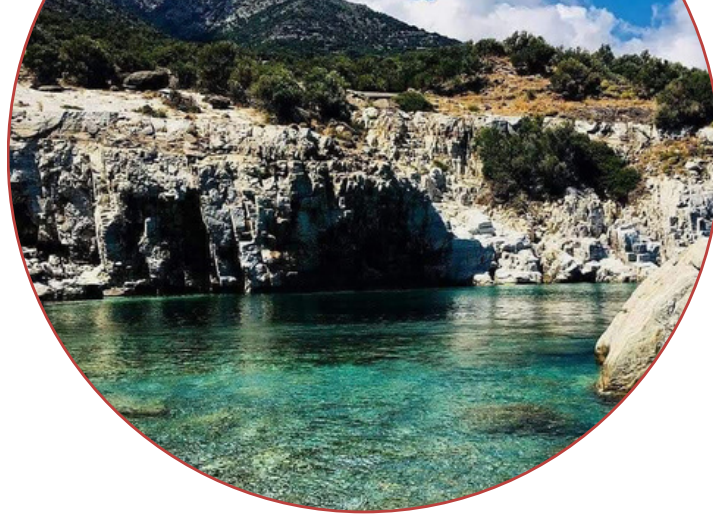

Energetically speaking, we descend to your deepest core to become completely ONE again with our essence. We travel into the most vulnerable, most magical and most powerful within ourselves.

Is this also for men?

Yes, of course. Are you a man and you feel drawn to this concept?
Then you are absolutely welcome!

Welcome!

BEYOND TIME AND SPACE

THE SECRET OF MOTHER ROCK IKARIA

The retreat takes place on the Island of Ikaria, Greece. "Mother Rock" is what I call her, because she was the one to support and nourish me in my own transformation. Her energy is fiery, volcanic, wild, no-nonsense and ab-so-lu-te-ly and powerfully HEALING. It's the most safe and welcoming place I have ever encountered in my life. And I will take you to her most secret and sacred spots, unknown to many.

Ikaria is a timeless space, a Nowhereland. Or as Ikarians would say: "Time, haste and worry do not exist here. We don't belong to the modern world."

The island of Ikaria is a well-kept secret, a small paradise, a magical place. It's one of the rare places in the world where residents have an exceptionally high life expectancy. It's a Blue Zone, or as newspapers around the world have headlined in recent years: Ikaria, or "The Island where People forget to Die." I promise you, the strong healing powers of Ikaria will give you the SHIFT of a lifetime!

*“ Ikaria is a celebration, a dance,
an exuberant feeling of freedom.
It represents long life in the quirky rhythm
of tranquility and boundlessness.
In fact, Ikaria is as rebellious as Icarus himself.
Here, the day only begins in the night,
moon and sun and stars merge together
as one big smiling light.*

RETREAT PROGRAM

DAY #1: ARRIVAL & OPENING CEREMONY

Take the time to arrive, **relax** in a hammock or dive into a clear blue sea. In the afternoon we start with **a 2 to 3 hour Opening Ceremony** filled with energetic alignment meditations and a sharing circle. Followed by an exquisite, shared evening meal (dining "the Greek way").

DAY #2: NAVEL & POINT OF NO RETURN

Morning yoga session
+ 4-hour morning session
+ 2 to 3 hour evening session.

We start exactly where you are **NOW**. We acquaint ourselves with emptiness and not-knowing. You're at a point where you realize: I can't go back to the old, I can only learn how to welcome the new, to open up to it.

We use my book "Writing to Consciousness" as a foundation. We'll practice daily my dot-line-writing meditation.

DAY #3: FROM SPLIT TO UNITY - CALLING THE SOUL HOME

Morning yoga session
+ 4-hour morning session
+ 2 to 3 hour evening session.

In this session, we'll restore our **inner household**. Trauma, grief, emotional neglect, deep pain or sorrow, rejection, or criticism can lead to you being split off from certain parts of yourself at a young age. For instance, you might have "forgotten" that at your core, you are a creative and passionate individual.

We open up into our true story. We bid farewell to various projections and (self)judgments, and to what no longer serves us. The HEART takes a central place here: opening, opening, opening.

DAY #4: BREAK - WILD JOURNEY TO SACRED ISLAND SPOTS

Morning yoga session
No other sessions.

Instead, I'll take you on a **road trip** full of adventure and surprise! We'll visit some **special places** in nature and breathe in the healing powers of the volcanic island!

We might end up on a boat, or as goats climbing upon a mountain. Rest assured that this day will ROCK your wildest imagination!

..... This is a €1.000.000 day!

DAY #5: BECOMING YOUR OWN BEST PARENT

Morning yoga session
+ 4-hour morning session
+ 2 to 3 hour evening session.

How easy or difficult is surrender and trust for you? In this module, we **explore and heal the Primal Wounded parts** (Mother & Father Wounds) within ourselves.

We'll especially explore, restore and deepen our trust in the Great Mother that carries us. You practice surrendering; to your own process, to your creations, to life itself. Self-confidence can only land in your body when you also dare to trust in something greater than yourself. You reconnect with your inner mother: the mother power within yourself.

DAY #6: IGNITING YOUR LIFE FORCE – DEATH & REBIRTH

Morning yoga session
+ 4-hour morning session
+ 2 to 3 hour evening session.

We can't create without acknowledging our tremendous primal inner power: **ANGER**. To enable rebirth, we need the power of anger. Anger minus all the stories we have created around it, is simply a vital life force.

We'll transform our suppressed anger, sexuality, and anything that's stuck in our pelvis into pure life energy and strength. In doing so, we enter a symbolic death and usher in your rebirth. You'll awaken with a new pair of eyes, seeing your next steps with a lucid clarity and without compromises.

DAY #7: FROM NAVEL TO LIMITLESS EXPANSION: BEYOND!

Morning yoga session
+ 3-hour morning session: **CLOSING CEREMONY**

Arriving BEYOND! We catch our breath, look back, summarize, connect and lift each other. And we are totally & utterly amazed about everything that has emerged.

TESTIMONIALS

“ It feels like stepping into a new body. I sense it completely differently. My womb feels like a safe place again. She has a clear voice, and now I really want to hear her messages. I trust that she will guide me in my next steps, we are on this journey together.

Greet Cox

leadership coach and
business owner

“ It feels like coming home to myself. I have truly undergone a tremendous transformation. From immense resistance to a sense of wholeness and completeness that I have never felt before. I absolutely did not expect this. It has been an incredibly beautiful process.

Will Kastelijn

reiki healer
& business owner

“ It was a tremendously deep experience. It happened effortlessly, and all the while I felt safe and held. Leonie works from a deep inner knowing, she masters the art to go beyond time and space and is colorful and resolute in her presence. She made me feel free and connected at the same time. I have often looked at her and thought; what a courageous woman, what an extraordinary woman, what a journey she has traveled! I greatly admire her for how she liberated and manifested herself and how she allows herself to be touched and to be vulnerable too. Thank you for seeing me. Through the chaos, you see the unity.

Reinhard Peeters
fire keeper and shaman

“ What a week! It gives such a good feeling to be able to go so deep. That’s where the treasure and the chemistry of transformation lie. I feel calmer and more grounded. And at the same time, lighter and more playful because my backpack weighs less. Dancing has become a keyword, and it inspires me to approach life more dancing every day. Once back home, my partner was impressed by the change in me. She felt that I stood more firmly in myself, and she was deeply moved by the inner work I had done during the retreat.’journey together.

Patrick Billens
life coach & business owner
